

Print this page at
"Actual Size"
and "NOT SCALE TO FIT".

ELEVON TEMPLATE

Print this page out on an 8.5"x11" piece of paper. Cut out the gray areas with scissors and tape together making sure to align the black marks.

Tape this template to your ^{286g} elevon stock and trace around it. Cut the balsa elevon and sand to proper shape.

Flip template over and repeat this process to make the other elevon.

MINI DRAK CG

CG is located at **5/8" inch** in front of main spar cap. Measure from the front as shown:
